

PSAT/NMSQT Score Reporting and Khan Academy

Unlock the power of personalized practice! Online score reports were released to Educators and Students for the Fall 2015 PSAT/NMSQT last week. With the release of scores, students may now choose to link their accounts between College Board and Khan Academy to access their personalized practice plan. To link their accounts students need to:

1. [Login to or create a Khan Academy account \(www.satpractice.org\)](http://www.satpractice.org)
2. When prompted, agree to link your Khan Academy and College Board accounts. The site will ask if you want to send your PSAT

results to Khan whether you are a new user or already have an account.

The screenshot shows the 'Student Information' form. It includes sections for 'Basic Information' (First Name, Last Name, Email, Date of Birth, Graduation Date, Gender, Social Security Number, Current School) and 'Mailing Address' (Country, Street, City, State, Zip, Home Phone). There is also a section for 'Next Intended College Board Test' (Test, Date). At the bottom, there are buttons for 'Cancel', 'Save & Exit', and 'Save & Continue'.

3. From Khan Academy students will be directed to sign in or create a College Board account. After successfully logging in, they will be asked for permission to link the accounts.

The screenshot shows a 'Request for Approval' dialog box. It states: 'Khan Academy is requesting permission for the following:'. Below this, it says: 'Press "Send" below to give College Board permission to send your test results to Khan Academy so that Khan Academy can personalize your practice recommendations based on how you did. And since you're registered for the SAT, College Board will also send Khan Academy your upcoming test date so they can update your practice schedule. You can remove permission at any time.' At the bottom, it says 'Logged in as SOA1693' and has two buttons: 'Don't Send' and 'Send'.

4. After clicking Send, students will be redirected back to the Khan Academy site to begin practicing.

Students may choose to unlink their accounts by clicking on "Revoke" in the College Board Account Settings. For more information and video instructions go to the [Student Score Reports web page \(https://collegereadiness.collegeboard.org/psat-nmsqt-psat-10/scores/student-score-reports\)](https://collegereadiness.collegeboard.org/psat-nmsqt-psat-10/scores/student-score-reports). If for some reason, the students' account doesn't yet reflect their scores, it's likely because College Board was unable to link their student account to their score report. Once students receive their paper report, which ships beginning January 15, 2016, they will be able to manually link their score and account by using the access code provided on their score report.
